Miguel,

Dawn is working on the list right now. You'll probably get another email. Your name will be forwarded on for possible deployment. Medical monitoring requirements are looking to be a blood and urine screening for those who are not on routine medical monitoring.

Thanks for your cell phone number, we'll keep it confidential.

Nichole

Subject: FW: Availability to Deploy to NM

Nichole,

Please see the message below. Also, I have an up to date 40hr HAZWOPER but my team's JHA does not have a medical monitoring requirement. How important is it to have it? Thanks.

Miguel

Subject: Availability to Deploy to NM

Please share your availability over the next 3 weeks to provide support on the Gold King Mine response. We especially need to know of immediate deployment capability, this week.

Thanks.
